FYI; Taylor from CD11 is asking for a particular kind of intervention (see below) and only included Adrian in the request. You may want to check-in so PD doesn't get involved in "commanding" movement of personal property at Taylor's request.

Hi All -

There is a small single person encampment at the site of this special event (Windward and Pacific in Venice) this Saturday that would obstruct the high profile neighborhood event. What is our capacity to command the personal property be moved in advance of the event?
